PSEG AWARDS \$12,000.00 GRANT TO NJAC FOUNDATION FOR COUNTY VOCATIONAL-TECHNICAL SCHOOL GRADUATES

For Immediate Release: May 23, 2013
Contact: John G. Donnadio, Executive Director

(Trenton) PSEG awarded the NJAC Foundation a grant of \$12,000.00 for county vocational-technical school graduates who plan on studying environmental science, green design, green technology, alternative energy, or other related subjects at a county college or state college or university.

“As our nation grows increasingly proactive about protecting the environment for future generations, it’s fitting that PSEG and the NJAC Foundation have partnered on this important and timely initiative to offer scholarships for our county vocational-technical school students,” said NJAC Foundation President Michael H. Facemyer.

The Foundation plans to distribute one \$650.00 grant in each county where PSEG maintains a service territory or generation facility. These counties include: Bergen, Burlington, Camden, Cumberland, Essex, Gloucester, Hudson, Hunterdon, Mercer, Middlesex, Monmouth, Morris, Passaic, Salem, Somerset, Sussex, Union, and Warren counties.

“We commend PSEG for its commitment and generosity to the communities in which it serves, and look forward working with our county vocational-technical schools in identifying hard working students dedicated to advancing their education and creating green solutions,” said Facemyer.

The NJAC Foundation is a non-profit organization affiliated with the New Jersey Association of Counties (NJAC) and is committed to providing innovative educational opportunities for county vocational-technical school and county college students.
