In addition to the amount hereinabove appropriated for the School Construction and Renovation 38 Fund account to make payments under the contracts authorized pursuant to section 18 of P.L.2000, c.72 (C.18A:7G-18), there are appropriated such other amounts as the 40 Director of the Division of Budget and Accounting shall determine are required to pay all amounts due from the State pursuant to such contracts. The unexpended balance at the end of the preceding fiscal year in the School Construction and Renovation Fund account is appropriated for the same purpose. Notwithstanding the provisions of any law or regulation to the contrary, in the event that an 46 "SDA district" sells district surplus property, the proceeds from such sale shall be applied as follows, subject to the approval of the Director of the Division of Budget and 48 Accounting: the Commissioner of Education, in his discretion, may direct that the proceeds be used by the SDA district upon a showing of financial need for a capital 50 maintenance project or for a school facilities project if such project is consistent with the 52 district's Long-Range Facilities Plan (LRFP) and the project cost does not exceed \$500,000. If the project cost exceeds \$500,000, the commissioner may direct all or a portion of the proceeds to the New Jersey Schools Development Authority (SDA) for use in projects identified in that district's LRFP. In the case of capital maintenance 56 projects, the SDA may forward the specified aid amount directly to the district for completion of the projects. If the commissioner is not satisfied that there is a sufficient 58 showing of financial need for a capital maintenance project or for a school facilities project or if the commissioner is not satisfied that the proposed project is consistent with the district's LRFP, the proceeds shall be returned to the SDA for use by the SDA for

school facilities projects in that SDA district which are consistent with the SDA district's

60

in State aid or otherwise confronts a structural budgetary imbalance and the district provides, in a format acceptable to the Commissioner, a written plan explaining how the 2 district intends to fund operations in future years in which the district does not receive similar supplemental State aid. Of the amount hereinabove appropriated for Stabilization Aid, such amount as is necessary shall be allocated to provide State aid to military-impacted districts. A school district shall not receive State aid to military-impacted districts pursuant to this section if the difference between PPTL and 2.4 PPIA is negative. The remaining amount hereinabove appropriated for Stabilization Aid is subject to the following condition: no funds shall be allocated by the Commissioner of Education unless a district experiences a reduction in State aid or otherwise confronts 2.6 a structural budgetary imbalance and the district provides, in a format acceptable to the Commissioner, a written plan explaining how the district intends to fund operations in 28 future years in which the district does not receive similar supplemental State aid. 30 Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for Regional School Consolidation Support shall be used to provide grants to school districts for studies or implementation costs associated with school district 32 consolidations pursuant to an application process administered by the Commissioner of 34 Education, subject to the approval of the Director of the Division of Budget and Accounting. Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove 36 appropriated for Lead Testing for Schools is subject to the following condition: amounts shall be paid to "district boards of education" as it is defined by N.J.A.C. 6A:26-12.4(a), 38 subject to the approval of the Director of the Division of Budget and Accounting, based on approved applications for reimbursement of the costs of testing school drinking water 40 pursuant to the program requirements established by the department in regulations adopted pursuant to the Administrative Procedure Act at N.J.A.C. 6A:26-12.4. Notwithstanding the provisions of section 3 of P.L.1971, c.271 (C.18A:46-31), a portion of the district tuition amounts payable to a county special services school district operating an extended school year program may be transferred to the county special services school 46 district prior to the first of September in the event the board shall file a written request with the Commissioner of Education stating the need for the funds. The commissioner 48 shall review the board's request and determine whether to grant the request after an assessment of whether the district needs to spend the funds prior to September and after considering the availability of district surplus. The commissioner shall transfer the 50 payment for the portion of the tuition payable for which need has been demonstrated. 52 Notwithstanding the provisions of any law or regulation to the contrary, of the amount hereinabove appropriated for Extraordinary Special Education Costs Aid, such amounts as the Director of the Division of Budget and Accounting determines shall be charged to the Property Tax Relief Fund instead of receipts deposited into the Extraordinary Aid 56 Notwithstanding the provisions of section 1 of P.L.1997, c.53 (C.18A:39-11.1) districts shall not 58 be reimbursed for administrative fees paid to Cooperative Transportation Service 60 For any school district receiving amounts from the amount hereinabove appropriated for

Of the amounts hereinabove appropriated for School Building Aid and School Construction Debt 18 Service Aid, the calculation of each eligible district's allocation shall include the amount 20 based on school bond and lease purchase agreement payments for interest and principal payable during the 2021-2022 school year pursuant to sections 9 and 10 of P.L.2000, c.72 (C.18A:7G-9 and C.18A:7G-10) and the adjustments required for prior years based 22 on the difference between the amounts calculated using actual principal and interest 2.4 amounts in a prior year and the amounts allocated and paid in that prior year. Notwithstanding the provisions of any law or regulation to the contrary, an eligible district's allocation of the amounts hereinabove appropriated for School Construction Debt 2.6 Service Aid and School Building Aid shall be 85 percent of the district's approved October 30, 2020 application amount. 28 Notwithstanding the provisions of any law or regulation to the contrary, when calculating a 30 district's allocation of the amount hereinabove appropriated for School Construction Debt Service Aid, the provisions of subsection d. of section 9 of P.L.2000, c.72 (C.18A:7G-9) shall also be applicable for a school facilities project approved by the 32 Commissioner of Education and by the voters in a referendum after the effective date of 34 P.L.2000, c.72 (C.18A:7G-1 et al.) and prior to the effective date of P.L.2008, c.39 (C.18A:7G-14.1 et al.). Notwithstanding the provisions of section 9 of P.L.2000, c.72 (C.18A:7G-9) or any other law or 36 regulation to the contrary, for the purpose of calculating a district's State Debt Service Aid, "M", the maintenance factor, shall equal 1. 38 In addition to the amount hereinabove appropriated for the School Construction and Renovation Fund account to make payments under the contracts authorized pursuant to section 18 40 of P.L.2000, c.72 (C.18A:7G-18), there are appropriated such other sums as the Director 42 of the Division of Budget and Accounting shall determine are required to pay all amounts due from the State pursuant to such contracts. In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from accounts within the General Medical Services program classification in the Division of Medical Assistance and Health Services. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following conditions: in order to promote accuracy, efficiency and accountability in the third party liability (TPL) program, the Division of Medical Assistance and Health Services shall require that any third party as defined in subsection m. of section 3 of P.L.1968, c.413 (C.30:4D-3), or in 42 U.S.C. s.1396a(a)(25)(A), including, but not limited to, a pharmacy benefit manager and any entity writing health, casualty, workers' compensation, or malpractice insurance policies in the State or covering residents of this State, enter into an agreement with the Division or the State's authorized third party liability services contractor, or both, as determined by the Commissioner of Human Services, to permit and assist, no less frequently than on a twice monthly basis, the matching of the Medicaid/NJ Family Care, Charity Care, and Work First New Jersey General Public Assistance eligibility files and adjudicated claims files against that third party's full and complete eligibility file, including indication of coverage derived from the "Medicare Prescription Drug, Improvement, and Modernization Act of 2003," Pub.L.108-173, and adjudicated claims file for the purpose of coordination of benefits and recovery when appropriate, utilizing, if necessary, social security numbers as common identifiers and other personal identifying information consistent with federal and State law. Provided further that the Division also shall require that third party must respond within a reasonable period not to exceed 60 calendar days to an inquiry by the State regarding a claim for payment for any health care item or service that is submitted less than three years after the date of the provision of such health care item or service; failure to pay or deny a claim within a reasonable period after receipt of the claim shall create an uncontestable obligation to pay the claim and payments made by a third party to the State shall be considered final two years after payment is made; provided further that a third party shall agree not to deny a claim submitted by the State solely on the basis of the date of submission of the claim, the type or format of the claim form, a failure to obtain prior authorization, or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if both of the following apply: the claim is submitted by the State within the three-year period beginning on the date on which the item or service was furnished; and any action by the State to enforce its rights with respect to the claim is commenced within six years of the State's submission of the claim.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following conditions: the base payment rate per medical encounter, as described in N.J.A.C.10:66-4.1, for a federally qualified health center (FQHC) shall be equal to 100 percent of the Medicare FQHC prospective payment system base rate, as adjusted according to the geographic location of the FQHC, plus an add-on payment of \$19.35.

The amounts hereinabove appropriated within the General Medical Services program classification are subject to the following provisions: the Commissioner of Human Services shall apply the emergency room triage reimbursement fee of \$140, established

	pursuant to P.L.2018, c.51 (C.30:4D-7p et seq.), for any applicable claim submitted for
2	a patient enrolled in the State Medicaid program. Notwithstanding the provisions of paragraph (13) of subsection i. of section 3 of P.L.1968, c.413
4	(C.30:4D-3) or any other law or regulation to the contrary, and subject to federal
•	approval, a pregnant woman whose family income does not exceed the highest income
6	eligibility level for pregnant women established under the State plan under Title XIX of
	the federal Social Security Act shall continue to be eligible for coverage until the end
8	of the 365-day period beginning on the last day of her pregnancy.
1.0	Notwithstanding the provisions of subparagraph (8) of subsection i. of section 3 of P.L.1968,
10	c.413 (C.30:4D-3) and subparagraphs (3), (4), and (5) of subsection g. of section 6 of P.L.1968, c.413 (C.30:4D-6), or any other law or regulation to the contrary, the amounts
12	hereinabove appropriated in the General Medical Services program classification are
	subject to the following conditions: in order to encourage home and community services
14	as an alternative to nursing home placement, consistent with the federally approved
	Section 1115 Medicaid demonstration waiver and any approved amendments thereto,
16	the Commissioner of Human Services is authorized to adjust financial eligibility and
1.0	other requirements and services for medically needy eligibility groups and the Managed
18	Long Term Services and Supports population, subject to the approval of the Director of the Division of Budget and Accounting and subject to any other required federal
20	approval.
	Notwithstanding the provisions of any law or regulation to the contrary, the amounts
22	hereinabove appropriated in the General Medical Services program classification are
	subject to the following condition: effective January 1, 2015, the Commissioner of
24	Human Services is authorized to provide any or all types and levels of services that are
26	provided through the Medicaid State Plan's Alternative Benefit Plan to any or all of the

	Accounting and subject to any required federal approval.
30	Of the amount hereinabove appropriated within the General Medical Services program
	classification, the Division of Medical Assistance and Health Services, subject to federal
32	approval, shall implement policies that would limit the ability of persons who have the
2.4	financial ability to provide for their own long-term care needs to manipulate current NJ
34	Family Care rules to avoid payment for that care. The Division shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's
36	resources that is not protected for the needs of the community spouse be used solely for
	the purchase of long-term care services.
38	Notwithstanding the provisions of any law or regulation to the contrary and subject to any
	required federal approval, the amounts appropriated for the General Medical Services
40	program classification are subject to the following condition: premiums shall not be
42	required to be collected from families enrolled in the NJ FamilyCare program established pursuant to P.L.2005, c.156 (C.30:4J-8 et al.), as amended.
+4	Notwithstanding the provisions of subsection f. of section 5 of P.L.2015, c.154 (C.30:4J-12) or
44	any other law or regulation to the contrary and subject to any required federal approval,
	the amounts appropriated for the General Medical Services program classification are
46	subject to the following condition: disenrollment from employer-sponsored group or
	other health insurance coverage shall not cause a child or parent to be ineligible to enroll
48	in the NJ Family Care program established pursuant to P.L.2005, c.156 (C.30:4J-8 et al.),
50	as amended.  Notwithstanding the provisions of any law or regulation to the contrary, all object accounts
30	appropriated in the General Medical Services program classification shall be conditioned
52	upon the following provision: when any action by a county welfare agency, whether
	alone or in combination with the Division of Medical Assistance and Health Services,
54	results in a recovery of improperly granted medical assistance, the Division of Medical
	Assistance and Health Services may reimburse the county welfare agency in the amount
56	of 25 percent of the gross recovery.
50	In addition to the amounts hereinabove appropriated for payments to providers on behalf of medical assistance recipients, such additional amounts as may be required are
58	appropriated from the General Fund to cover costs consequent to the establishment of
60	presumptive eligibility for children, pregnant women, single adults or couples without

8	receipts generated or savings realized in Medical Assistance Grants-In-Aid accounts
	from initiatives may be transferred to the Health Services Administration and
10	Management accounts to fund costs incurred in realizing these additional receipts of
	savings, subject to the approval of the Director of the Division of Budget and
12	Accounting.
	Notwithstanding the provisions of any law or regulation to the contrary, and subject to federa
14	approval, of the amounts appropriated in the General Medical Services program
1.6	classification, the Commissioner of Human Services is authorized to develop and
16	introduce optional service plan innovations to enhance client choice for users of N.
18	FamilyCare optional services, while containing expenditures.  The appropriations within the General Medical Services program classification are subject to the
10	following conditions: the Division of Medical Assistance and Health Services, in
20	coordination with the county welfare agencies, shall continue a program to outstation
20	eligibility workers in disproportionate share hospitals and federally qualified health
22	centers, provided, however, that if an alternate eligibility function at an outstanding
	location complies with the outstation process at 42 U.S.C. s.1396a(a)(55), the county
24	welfare agency worker may be removed from the outstation location.
	For the purposes of account balance maintenance, all object accounts appropriated in the Genera
26	Medical Services program classification shall be considered as one object. This wil
	allow timely payment of claims to providers of medical services but ensure that no
28	overspending will occur in the program classification.

30	are conditioned upon the Commissioner of Human Services making changes to such
	programs to make them consistent with the federal "Deficit Reduction Act of 2005,"

34	All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194
34	(C.30:4D-20 et seq.) during the current fiscal year are appropriated for payments to providers in the same program classification from which the recovery originated.
36	The amount hereinabove appropriated for the Division of Medical Assistance and Health
30	Services first shall be charged to the federal disproportionate share hospita
38	reimbursements anticipated as Medicaid uncompensated care.
	Notwithstanding the provisions of P.L.1962, c.222 (C.44:7-76 et seq.) or any law or regulation
40	to the contrary, no funds are appropriated to the Medical Assistance for the Aged
	program, which has been eliminated.
42	The amounts hereinabove appropriated for the General Medical Services program classification
	are available for the payment of obligations applicable to prior fiscal years.
44	Notwithstanding the provisions of any law or regulation to the contrary, and subject to the notice
	provisions of 42 C.F.R. s.447.205, of the amount hereinabove appropriated for the
46	General Medical Services program classification, personal care assistant services shal
40	be authorized prior to the beginning of services by the Director of the Division of

62	(Spouses) whose coverage is funded solely by the State.

	Notwithstanding the provisions of any law or regulation to the contrary, the amounts
2	hereinabove appropriated for the General Medical Services program classification are subject to the following condition: only the following individuals shall be excluded from

56	Of the amount hereinabove appropriated for the General Medical Services program classification, the Division of Medical Assistance and Health Services is authorized to
58	competitively bid and contract for performance of federally mandated inpatient hospital utilization reviews, and the funds necessary for the contracted utilization review of these
60	hospital services are made available from the General Medical Services program classification, subject to the approval of the Director of the Division of Budget and

Funds appropriated to Rutgers University for purposes of medical education are authorized to be used as necessary by the Director of the Division of Budget and Accounting and the Division of Medical Assistance and Health Services, consistent with CMS guidelines, solely to maximize federal Medicaid payments to faculty physicians and non-physician professionals who are affiliated with the aforementioned respective medical schools.

Funds appropriated to Rowan University for purposes of medical education at Cooper Medical School of Rowan University and the Rowan School of Osteopathic Medicine are authorized to be used as necessary by the Director of the Division of Budget and Accounting and the Division of Medical Assistance and Health Services, consistent with CMS guidelines, solely to maximize federal Medicaid payments to faculty physicians and non-physician professionals who are affiliated with the aforementioned respective medical schools.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the Outcomes-Based Allocation program in each of the senior public institutions of higher education shall be allocated and distributed to eligible senior public institutions based on a funding rationale determined by the Secretary of the Office of Higher Education, in consultation with the New Jersey Presidents Council, which shall be based upon the following criteria along with any other requirements the Secretary determines to be appropriate in order to advance equity and improve student outcomes, subject to the approval of the Director of the Division of Budget and Accounting: (1) the total number of degrees awarded by the institution, (2) the number of degrees awarded by the institution to individuals from underrepresented ethnic and racial minority groups, and (3) the number of students at the institution who receive Pell grants; provided further, however, that institutions receiving awards shall be required to: (a) adopt and publicly offer a predictable pricing guarantee to all full-time undergraduate students enrolling in the fall of 2022 that ensures that each such student with a family adjusted gross income of up to \$65,000 will receive enough financial aid from a combination of State, federal, institutional, and other grants or scholarships to eliminate the net cost of tuition and mandatory fees for the student for the third and fourth years of the student's enrollment at the institution, except that if the amount of the Fiscal Year 2022 appropriation for Outcomes Based Allocation that is in addition to the appropriation provided for Outcomes Based Allocation in the prior fiscal year are insufficient to cover the cost of the predictable pricing guarantee, the institution may submit to the Secretary of the Office of Higher Education for approval an alternative predictable pricing guarantee which utilizes a lower family adjusted gross income threshold or which ensures enough financial aid to partially offset the net cost of tuition and mandatory fees for a student's third and fourth years of enrollment at the institution, provided that such alternative predictable pricing guarantee shall be available to full-time undergraduate students newly enrolling in the fall of 2022. An institution receiving funds shall submit an expenditure plan, subject to the approval of the Director of Budget and Accounting, demonstrating that the amount of the Fiscal Year 2022 appropriation for Outcomes Based Allocation that is in addition to the appropriation provided for Outcomes Based Allocation in the prior fiscal year are sufficient to cover the cost of the predictable pricing guarantee or alternative pricing guarantee; (b) develop sliding-scale net prices for other students who have higher incomes to complement this pricing guarantee, consistent with a predictable pricing structure throughout the length of these students' academic program, (c) adopt a Financial Aid Shopping Sheet for all undergraduate students, (d) share program-level spending information to assist in the distribution of future funding, and (e) participate in good faith discussions led by the Secretary to improve future distribution of funding to institutions consistent with State priorities, subject to the approval of the Director of the Division of Budget and Accounting. Beginning with the data for academic year 2020-2021, each four-year institution shall report to the Secretary of Higher Education and the Higher Education Student Assistance Authority, at an individual student unit record level, the amount of institutional aid granted to each undergraduate student.

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the amounts hereinabove appropriated for Higher Educational Services - Institutional Support, there is appropriated an amount not to exceed \$1,000,000 for institutions participating in the New Jersey Civic Information Consortium to advance research and innovation in the field of media and technology to benefit the State, subject to the approval of the Director of the Division of Budget and Accounting.

14	otherwise provided in this act.
	In addition to the federal funds appropriated in this act, there are appropriated the following
16	federal funds, subject to the approval of the Director of the Division of Budget and
	Accounting: emergency disaster aid funds including grants for preventive measures;
18	pass-through grants to political subdivisions of the State over which the State is not
20	permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first \$500,000 of unanticipated grant awards plus
20	an additional 25 percent of any remaining award amount that is greater than \$500,000,
22	and up to 25 percent of increases in previously anticipated grant awards for which no
	State matching funds are required except, for the purpose of this section, federal funds
24	received by one executive agency that are ultimately expended by another executive
	agency shall not be considered pass-through grants; federal financial aid funds for
26	students attending post-secondary educational institutions in excess of the amount
28	specifically appropriated, and any such grants intended to prevent threats to homeland security up to 100 percent of previously anticipated or unanticipated grant award
20	amounts for which no State matching funds are required, provided, however, that the

32	For the purposes of federal funds appropriations, "political subdivisions of the State" means
	counties, municipalities, school districts, or agencies thereof, regional, county or
34	municipal authorities, or districts other than interstate authorities or districts; "discretion" refers to any action in which an agency may determine either the amount
36	of funds to be allocated or the recipient of the allocation; and "grants" refers to one-time,
50	or time limited awards, which are received pursuant to submission of a grant application
38	in competition with other grant applications.
	The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated
40	for the same purposes, except for any unexpended prior-year balances of federal Coronavirus State Fiscal Recovery Fund assistance the State received under the
42	American Rescue Plan Act of 2021. The Director of the Division of Budget and
4.4	Accounting shall inform the Legislative Budget and Finance Officer by November 1 of

impacted industries such as tourism, travel, and hospitality; costs of programs to address health disparities including through the remediation of lead hazards; water, sewer, and broadband infrastructure; costs to address educational disparities; and costs to promote healthy childhood environments, including the creation of a child care revitalization fund. The determination of eligibility of the specific programs, projects, and uses recommended to be funded by this appropriation shall be made by the Executive Director of the Governor's Disaster Recovery Office, who shall establish an application and review process based on Statewide need, in compliance with federal eligibility requirements, subject to the approval of the Director of the Division of Budget and Accounting. Funding recommendations shall be subject to the approval of the Joint Budget Oversight Committee (JBOC); provided, however, there is appropriated \$200,000,000 from federal funds provided to the State of New Jersey pursuant to the SFRF, which may be directly allocated to pandemic-related programs without JBOC approval, not to exceed \$10,000,000 for each such eligible program, as determined by the Executive Director of the Governor's Disaster Recovery Office, subject to the approval of the Director of the Division of Budget and Accounting. Notice shall be provided to JBOC with respect to each such appropriation. With respect to recommended appropriations of more than \$10,000,000, and with respect to appropriations exceeding a total of \$200,000,000, approval of the Joint Budget Oversight Committee shall be required; and

c. subject to the approval of the Director of the Division of Budget and Accounting, appropriations shall include necessary administrative costs of the respective agencies in administering the individual programs and for the SFRF grants management costs incurred by the Department of Community Affairs, Division of Disaster Recovery & Mitigation, as the State's designated grants manager, in its oversight of the entire portfolio of funds, consistent with SFRF requirements. The administrative costs authorized in this subparagraph for an individual program shall be no more than 2.5 percent of the cost of that program and may not exceed \$150,000,000 in total across all programs. In the event that the administrative costs of the agencies and the division administering the programs and projects funded by the SFRF are not permitted to be paid from the federal monies received by the State, there are appropriated from the General Fund such additional sums as are required, subject to the limitations contained in this subparagraph and subject to the approval of the Director of the Division of Budget and Accounting and subject to the approval of the Joint Budget Oversight Committee.

The equipment, goods or services purchased by a local government unit shall be referred to in the grant agreement issued by the State administrative agency administering such funds and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. Such purchasing agreement may provide for the sharing of costs and the methods of payments relating to such purchases. Furthermore, a county government awarding a contract for Homeland Security equipment, goods or services, may, with the approval of the vendor, extend the terms and conditions of the contract to any other county government that wants to purchase under that contract, subject to notice and documentation requirements issued by the Director of the Division of Local Government Services.

Of the amounts appropriated for Income Maintenance Management, amounts may be transferred to the various departments in accordance with the Division of Family Development's agreements, subject to the approval of the Director of the Division of Budget and Accounting. Any unobligated balances remaining from funds transferred to the departments shall be transferred back to the Division of Family Development subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal funds hereinabove appropriated, there are appropriated to the appropriate executive agencies, subject to the approval of the Director of the Division of Budget and Accounting, such additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program or any other similar federal program for the purposes, projects, and programs set forth in such law; provided, however, that if the federal law does not delineate the specific purposes, projects, and programs to be funded by the federal funds, the purposes, projects, and programs to be funded by the federal funds shall be subject to the approval of the Joint Budget Oversight Committee, and further provided, however, that the State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly, the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly Budget Committee at least quarterly on the receipt and utilization of all additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program.

Officials from the appropriate executive agencies are hereby authorized to take such steps, if any, as may be necessary to qualify for, apply for, receive and expend such federal funds and to make such commitments, representations and other agreements as may be required by the federal government to receive federal funds under federal law authorizing the federal economic stimulus program or any other similar federal law.
