

The New Jersey Business Summit: A Time for Action

Borgata Hotel, Atlantic City | Sept. 17 & 18, 2015

Join your fellow members and business executives from across New Jersey for a first-of-its-kind summit at the Borgata Hotel in Atlantic City on September 17-18. The goal of the Summit will be to look at key issues that New Jersey leaders need to address in order to increase the state's positive economic momentum and improve our competitiveness.

This two day Summit will feature an unprecedented collaboration of many of the state's chambers of commerce, business trade associations, representatives of the Christie administration and state legislature, not-for-profits, labor, higher education, local government officials, and other interested parties.

Day One (September 17)

We will discuss specific recommendations for solving the state's top economic issues.

Day Two (September 18)

We will formulate a plan of action to present to state government leaders.

Key Issues

For the past few months, chambers of commerce from across the state have been surveying their members to determine the most pressing issues hampering New Jersey's economic growth.

We will discuss the most frequently cited issues at the summit. They are:

- Reform the state's tax structure
- Reduce state government regulations/mandates
- Fund state transportation/infrastructure projects
- Maintain a highly trained and ready workforce in New Jersey

Time will be allotted to discuss other important issues as well. A more detailed agenda will follow shortly.

This is a great opportunity for the business community to do something it has not done in a very long time - speak with one unified voice to state government officials we believe are ready to listen.

Join us.

Registration is \$50. Registration provides you access to the entire event including meals and receptions.
